

WORKGARD™

CONSTRUCTION BARRIER SYSTEM

TD1100 MODEL

FEATURES:

- A Work Zone Safety Barrier that consists of four safety orange panels, two "Caution" signs, two "Confined Space" signs and four orange and white reflective panels. Other sign legends are available: See TD12100
- WorkGard uses a High Impact Co-Polymer Polypropylene that is portable, lightweight, durable, reusable and highly visible.
- Modular design for multiple applications, any number of panels can be easily connected to form square, round, rectangular or linear structures.
- Safety Barrier provides worker and pedestrian safety. Ideal for confined space manholes, sidewalk barriers, airports and hospitals.
- Accomodates flashing barricade lights.
- Unique Hinge Design allows for permanent Rebar application.
