

**“ K-2 MARKER”<sup>tm</sup>**

*Surface Mount - Reboundable - Object Marker*

**Model #: TD5215**

**Durable Marking of Median Islands**

Designed to mark obstructions near or within a roadway. Typical uses include the marking of islands, curbs or neutral areas.

MUTCD Codes: OM2-1V & OM2-2V Object Marker.

The impact-resistant elastomer Boomerang Base is designed to withstand the extremes of heat and cold and will not crack or split. The highly reboundable Boomerang Base transfers the stress from impacts to the Base, giving longer service life to the HDPE post.

Mounts quickly to asphalt or concrete using adhesives.

430 North Varney Street Burbank, CA. 91502

### Technical Info:

Product Name: K-2 Marker  
Model Number: TD5215

MUTCD Codes: OM2-1V Object Marker  
OM2-2V Object Marker

Overall Heights: 24, 27 and 30 inches.  
Color: Standard color is white.

Tube Material: UV stabilized HDPE  
Plate Material: UV stabilized PP  
Base Material: Elastomer

All sheeting complies with ASTM 4956.

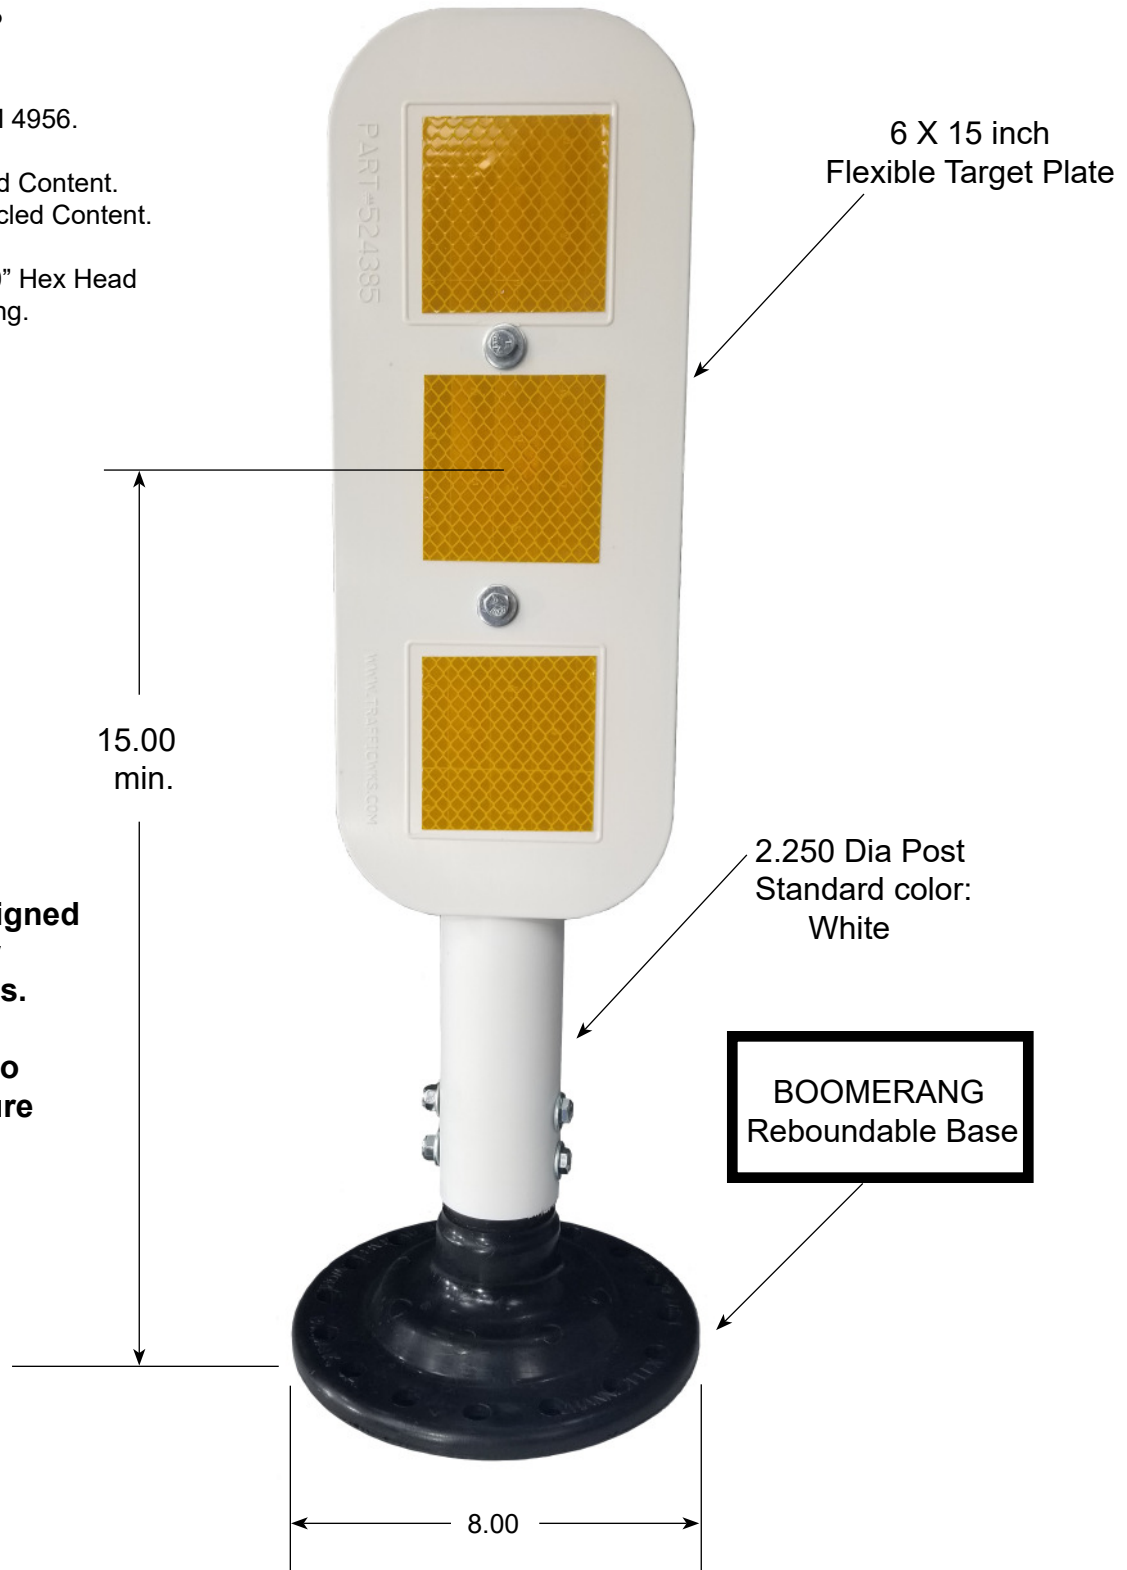

Tube & Plate are 100% Recycled Content.  
Boomerang Base is 100% Recycled Content.

All fasteners are Type BB 1/4-20" Hex Head  
Screws and Nuts with Zinc Plating.

### **MUTCD Type OM2-1V.**

**3 - 3 inch retroreflective sheeting squares.  
27 square inches total.**

**Boomerang Base is designed  
to be impacted from any  
direction. All 360 degrees.**

**Easy post replacement to  
minimize worker exposure  
in the work zone.**
