

WORKS BARRICADE

EXTRUDED PLASTIC PANELS WITH GALVANIZED LEGS
TD2250 MODEL

NCHRP350 CRASH TEST CERTIFIED
AND MEETS MUTCD STANDARDS

FEATURES:

- Type I and Type II can be purchased as assembled units or component parts. Legs and boards can be purchased separately. All barricade components are completely interchangeable.
- Legs are standard 45" manufactured using galvanized steel in 12 and 14 gauge thickness.
- Barricades are assembled utilizing 1/4" x 1" galvanized carriage bolts with locknut and hinged with two 1/2-13 X 1" hex bolts and 1/2-13 nylon locknuts. Hinge holes accommodate 1/2" warning light mounting bolts.
- High impact extruded plastic panels are reinforced to reduce bending and warping.

NCHRP350 Approved: WZ-54

All sheeting complies with
ASTM 4956.01 requirements.

COLORS AVAILABLE:

The TD2250 Works Barricades is currently available in White. Three D Traffic Works can manufacture this product to your desired color.
